JOB TITLE

I am a Graphic Design. .

TECHNICAL SKILLS

Ruby, Rails, SQL, Javascript, React, Bootstrap, Adobe Photoshop, Adobe Illustrator, Adobe Indesign, Videography, Adobe XD

TECHNICAL PROJECTS

Skate Finder - Github: https://github.com/fasnimo/skater_folder

Selection options to search skate based on Skill Level, and enter a review submission field.

- Utilized React with Rails API.
- Form controlled components.
- Skates Controller action index will render all skates level based on the level column.
- The navigation bar includes routes made with BrowserRouter, and Switch.

Zodiac Digest - Github: <https://github.com/fasnimo/zodiac-frontend> API: <https://github.com/fasnimo/Zodica-Plant-API>

Twelve Zodiac is known for recognizable traits; this project allows for input and deletes the information.

- Utilized Vanilla JavaScript
- The application makes asynchronous requests to the server from the client-side allowed live updates to the DOM.
- I utilized arrow functions and classes.
- Serializers for object relations when requesting associated data.

EXPERIENCE

Graphic Designer

Freelance - Independent

Chicago, IL

June 2018 - April 2020

- Saught out my clients.
- I utilized graphic design skills, such as Photography, to go over and above for my clients.
- I created designs using Adobe's platform using them interchangeably.

Software Engineer - Flatiron School

Co-op at Flatiron School

Chicago, IL

June 2019 - October 2020

- Gained knowledge in Ruby, SQL, built projects that represented those two languages.
- Gained knowledge in Ruby on Rails framework and built a project-specific language with Oauth and authentication.
- The languages and frameworks used are Ruby on Rails, JavaScript, and Ruby on Rails with React.js while working with others to create a user-friendly web app.

Lettuce Entertain You - Everest Restaurant

Hospitality Worker

Chicago, IL

March 2019 - April 2020

- My department focused on Product management, attending to clients about allergies in products, providing a better experience.
- The knowledge I acquired about wine selection to assist the client in selecting a wine, including information about the region.
